

TECHNICAL INFORMATION

**TelstraClear Pacific
Events Centre**

Sir Woolf Fisher Arena

Arena Dimensions

- The arena is 1800m² with all seating blocks up - approximately 50m long and 36m wide
- The ceiling height at its highest point is 18m and it gradually curves down.

Arena Sound

- 8 x cluster speakers are fixed to the ceiling of the arena. Suitable for vocal PA and background music but not live music.

Audio Patching

- Patching is available (without tie lines)
- 8 sends & 4 returns on each side of the room

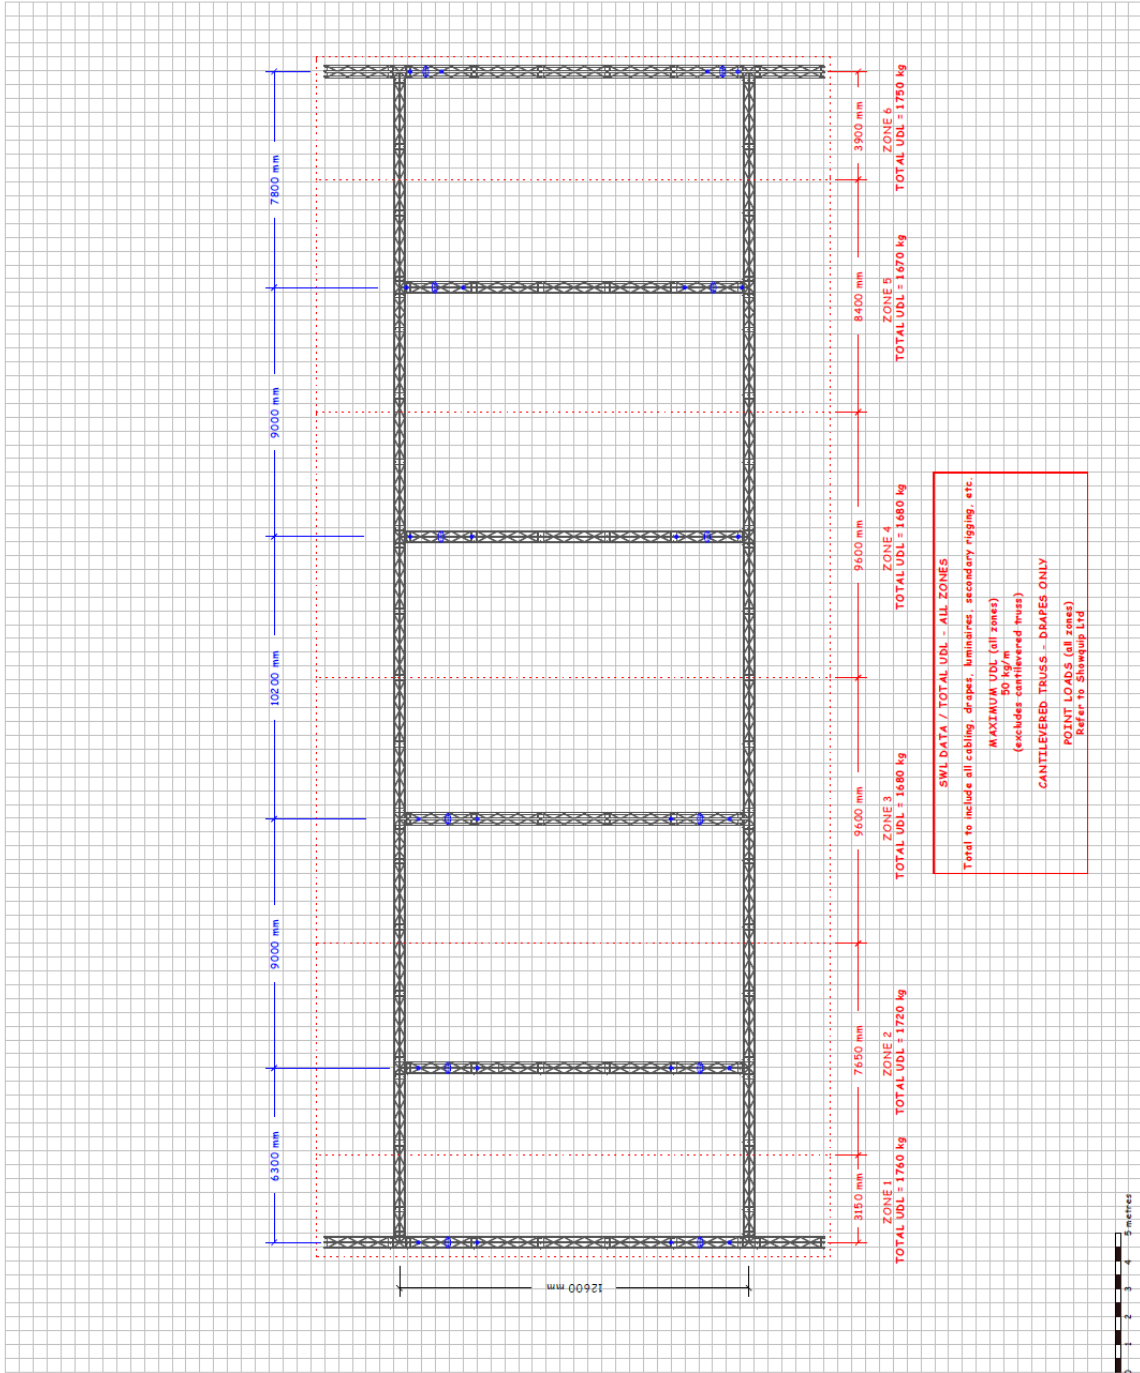

Arena Lighting

- House lights are controlled from a control panel fixed at the north eastern wall of the building.
- House fluorescent lights can be patched to DMX but not the Hi-Bays.
- Event / Stage lighting is hired on an event-need basis from Multi-Media Systems

Rigging & Truss

Please note the truss is not included in the venue hire
